# CROSBY CURRICULUM INTENT

For our children to be healthy, responsible citizens building the knowledge and skills to succeed in later life, enabling them to become the best they can be.

We teach **design technology** to equip children with the creative and practical skills to solve real-life problems by designing and making products, including nutritional ones.

Core Learning in Design Technology is:
1. Practical and creative skills. (including disassemble and investigate)
2. Build a repertoire of knowledge and skills in order to design a product with a specific brief.
3. Make products according to their own designs and critique them.
4. Understand the principles of nutrition and learn to cook some savoury dishes.

THE DESIGN PROCESS — EVALUATE, DISASSEMBLE AND INVESTIGATE, FOCUSSED PRACTICAL TASK, DESIGN AND MAKE ACTIVITY
