

## Crosby Primary School

## Mathematics Medium Term Plan Year 4 Summer Term

## Unit 2 Money (2 Weeks)

### National Curriculum

- Estimate, compare and calculate different measures, including money in pounds and pence.
- Solve simple measure and money involving fractions and decimals to two decimal places.

### Times Tables

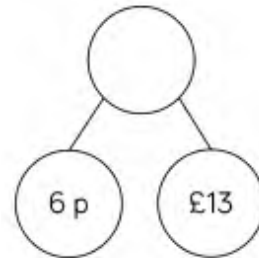

- 12x table (link to 6x) - Recall multiples, missing numbers, division, fractions
- Count in 11s

### Ready to Progress

- 4NF-1 Recall multiplication and division facts up to 12x12, and recognise products in multiplication tables as multiples of the corresponding number
- 4MD-2 Manipulate multiplication and division equations, and understand and apply the commutative property of multiplication.
- 4MD-3 Understand and apply the distributive property of multiplication.

### Concept Sequence

- Write money using decimals – use correct notation (£ or p not both)
- Convert between pounds and pence - use part-whole model.
- Compare amounts of money – compare/order in same format first, before comparing/ordering mixed format (convert to same using £1=100p). Remind meaning of ascending and descending.
- Estimate with Money – round to the nearest £1.
- Calculate with money - four operations – use bar models/number lines to support. No expectation to use formal methods with decimals yet.
- Solve problems with money – include multi-step problems.

Estimate the position of each amount on the number line.

### New Vocabulary

Money, coin, penny, pence, Pound  
Price, cost, change, total  
Buy, sell, bought, sold  
Spend, spent, pay, change  
Dear, costs more, cheap, costs less, cheaper  
Costs the same as, How much...? How many...?
